

Youth Market

Since 2009, the Spirit of the Capital Youth Awards have featured a Youth Market which allows young people to promote their products, programs and other charitable initiatives to our guests of the event which include community members, business leaders, educators and more! Youth are able to set up booths, similar to a trade show and interact with the guests to market their initiatives. Previous years we have had a variety of participants that include visual artists, musicians, young entrepreneurs, crafts, designers and young activists. The youth market is another way we celebrate the achievements of our youth and support their growth. This year the Youth Market will be showcased during the pre-event reception on the 28th revolving floor of the Ottawa Marriott Hotel on May 28th, 2012!

Get Involved Today! Here's how to participate in the 2012 Spirit youth Market:

Eligibility:

- Youth or Student run companies wishing to sell products or promote services
- Individual youth artists, musicians, bands, craftsmen, etc. wishing to sell their products
- Non-profit organizations and charities run or founded by youth looking to promote their initiatives.

Selection:

We have a limited number of booths available for the youth market. We will select booths based on the degree of involvement that you have in the project, company or organization and the impact the project has within the local community.

How to book a booth:

Visit our website www.spiritawards.ca and click on the Entertainment/Youth Market page where you will be able to access the online Youth market sign up. Fill out the information and submit. We will evaluate the initiative and contact you shortly after.

Selection will be completed by May 10th, 2012, so get your application in TODAY!
